23 November 2020

Dear Parent/Carer

I am delighted to share with you the letter that will be published on the Ofsted website following their Interim Visit to our academy on 22 October 2020.

The visit from Ofsted was part of their autumn visits to schools and academies, designed to support schools in their important work to welcome all students back full-time in September 2020.

The visits that Ofsted are making during this term will not result in any evaluation or graded judgement of a school and will not change a school's current Ofsted inspection grade. The Interim Visits are to reassure and inform parents, Government and the public about how schools are managing the return to full education for all students.

The areas that were discussed during the one-day visit were around:

- Student attendance and behaviour.
- The recovery curriculum and remote learning.
- Safeguarding and student and staff wellbeing.

We were pleased that the Inspectors noted the greater focus that we have placed on activities to support students' well-being since returning in September as part of our Personal, Social, Health and Economic Education programme. As well as ensuring that our students have full access to their normal range of subjects.

I would like to thank you for your continued support.

Yours faithfully

Mrs N Carpenter
Head of School
